To Whom It May Concern:

I am writing this letter of recommendation for Nancy Noonan, International Speaker, Trainer and Author. She presented at the Intermountain Healthcare Educator's Summit, June 2008.

The audience was very well connected to what she was sharing at the conference. She was **inspirational** and **motivational**. Some of the comments from the audience were: "It was captivating!" "Awesome!...The idea of using art to **inspire personal empowerment** through education and leadership." "I liked the idea of making and choosing my masterpiece every day." "This will help me take a breath, step back, relax and then **move forward to solve issues**."

Nancy was **wonderful to work with**. She was very accommodating and willing to do what it took to do a very professional presentation. She **captivated** the audience from the minute she started. I would highly recommend her as a speaker.

Thank you for the opportunity to listen. For myself when I have heard Nancy speak, she helps me find new and creative ways to look at life and my job. She helps me get inspired to create my own masterpiece.

Sincerely,
