Louisville, Co 80027

Dear Nancy:

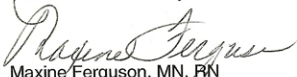

Empowering! Inspirational! Enthusiastic! Just a few of the words nurses at the 96<sup>th</sup> convention of the Montana Nurses Association used to describe your presentations!

I want to express our sincere thanks for your time with us and your presentations to the nurses attending our convention. You were an inspiration to many and your interaction with our members was much appreciated! I am so pleased you were able to attend the reception and meet more of the folks we work with.

This morning I received the summary evaluations from our contractor and want to share them with you. As you will note, they are outstanding, as are comments from the attendees that follow.

I hope we will have a chance to cross paths again. I personally enjoyed our time together and your enthusiasm and positive approach to life. Enjoy the Montana Fly Fisherman sticker – it might gain you access to some of our Blue Ribbon streams!

Best wishes and many thanks,

Maxine Ferguson, MN, RN  
CE Consultant
